## Little Things Mean A Lot Size Chart

This size chart is meant to be a guideline only. Each of our sets is hand made and there may be a slight variation due to individual operator technique. When choosing a size for a particular baby, please allow for a slight variance. It is advisable to choose a slightly bigger size than smaller.

Measurement of child	Weight	Height	Chest	Waist	Back neck to crotch
3 month	8 - 11 lbs	19"-21"	19 1/2"	22"	14 3/4"
6 month	12 - 16 lbs	21" - 23"	20 1/2"	23"	15 3/4"
12 month	17 - 22 lbs	23" - 25"	21 1/2"	24"	16 3/4"
18 month	23 - 25 lbs	25" - 27"	22 1/2"	25"	17 3/4"
24 month	26 - 30 lbs	27" -29"	23 1/2"	26"	18 3/4"

A 9 month size is seldom available in our line simply because there is so little difference between 9 and 12 month sizing. When a 9 month size is offered, it will accommodate babies weighing 15 to 22 lbs.
